PROFESSIONAL INTERESTS

Teaching interests: Behavioral and qualitative research methods, particularly as applied to research on the interplay of technology and accounting.

Research focus: How do we keep the human relevant in professional judgment and decision making processes that utilize intelligent technologies?

AWARDS AND HONORS:

Awarded 2020 Accounting Information Systems section of the American Accounting Association's Notable Contribution to the AIS Literature award for the co-authored paper: "The Role of Organizational Absorptive Capacity in Strategic Use of Business Intelligence to Support Integrated Management Control Systems" (w/ M. Elbashir and P. Collier).

Member of the 2016 first inductee class into the UCF Scroll and Quill Society for sustained extraordinary research and scholarly activity as a part of the UCF faculty.

Awarded 2012 Strategic and Emerging Technologies section of the American Accounting Association's Outstanding Educator Award.

Awarded 2011 [Accounting] Information Systems section of the American Accounting Association's Outstanding Contribution to the AIS Literature award for the co-authored paper: "The Differential Use and Effect of Knowledge-Based System Explanations in Novice and Expert Judgment Decisions" (w/ V. Arnold, N. Clark, P. Collier, and S.A. Leech).

Awarded 2005 [Accounting] Information Systems section of the American Accounting Association's Outstanding Contribution to the Literature award for the co-edited AAA monograph: *Researching Accounting as an Information Systems Discipline* (w/ V. Arnold).

Awarded 2002-2003 Outstanding Researcher Award by the Artificial Intelligence/Expert Systems [Strategic & Emerging Technologies] Section of American Accounting Association.

Awarded 1999 [Accounting] Information Systems Section of the American Accounting Association's Outstanding Contribution to the Literature award for the co-authored Paper: "The Theory of Technology Dominance: Understanding the Impact of Intelligent Decision Aid's on Decision-Makers' Judgments" (w/ V. Arnold).

Awarded 1999-2000 Texas Tech University's College of Business Administration Research Award (one awarded per year).

Awarded 1999-2000 Tom Abraham Faculty Honoree for Research, which includes a half-time graduate research assistant funded with a Tom Abraham Graduate Fellowship (one award is given each year by the College of Business Administration, Texas Tech University).

Awarded a 1999 ANBAR Electronic Intelligence Citation of Excellence for the co-authored article "Teleological Foundations for the Ethical Implications of Expert Systems Development: Act Versus Rule-Based Reasoning" (w/V. Arnold and T.D. Arnold).

Awarded 1996 [Accounting] Information Systems section of the American Accounting Association's Outstanding Contribution to the Literature award for the co-authored paper: "An Analysis of Ethical and Epistemological Issues in the Development and Implementation of Audit Expert Systems" (w/ J.R. Byington).

College of Business nominee for the Texas Tech University "Moms and Dads Association's Hemphill-Wells New Professor Excellence in Teaching Award" (award is for a faculty member who has been at Texas Tech for less than four years). College's nominee for both the 1989 and 1990 awards.
