

UCF

FINTECH SUMMIT 2024

THURSDAY, APRIL 4 • 8:15 A.M. – 4:30 P.M.

INCLUDES EVENING RECEPTION

THE CELESTE HOTEL

The UCF College of Business and College of Engineering & Computer Science invite you to the UCF FinTech Summit 2024, presented by the VoLo Foundation, on Thursday, April 4, at The Celeste Hotel.

This exclusive day-long event will bring together industry and academic experts, state and local leaders and the UCF community for collaborative discussions on Florida's FinTech landscape and how UCF is helping the State of Florida lead the way in FinTech with Florida's only Master of Science in Financial Technology.

Panel discussions will include the impact of personalization and the use of generative AI in financial institutions, blockchain and decentralized finance (DeFi), the future of FinTech talent acquisition, and the impact of higher interest rates on FinTech.

KEYNOTE SPEAKER:

David Yermack, Ph.D.

Albert Fingerhut Professor of Finance & Business Transformation, Chair, Finance Department, New York University Stern School of Business

FIRESIDE CHATS:

Maximillian Jungreis

Head of Crypto & Digital Assets Plug & Play Ventures

Garima Shah

President & Co-Founder Biller Genie
